We are happy to learn that Mr. Boucic  
an excellent painter of Land and Seascapes is now among us,  
and wishes to inform the public that he is  
ready to paint any picture in oil, watercolor,  
Flute, Charions and Brass Instruments in  
general.

Mr. Boucic will also give French lessons to  
those who desire to learn the language as the  
same is spoken in the best society.

For further information apply to Mr.  
Boucic or to Mr. Delagorgendore.

1879

GENERAL NEWS.

A dispatch received from Rome states  
that we have to announce in this issue  
the death of Mayor Stewart, Mayor of this  
Town, who after an illness of not more  
than twenty four hours departed this life  
on the evening of Friday last, consequent  
of a severe attack of inflammation of the  
bowels. The news very soon spread  
through the town, which called forth  
many expressions of regret; he being  
widely known and universally respected  
by all classes. It is sad to think that  
such a useful life is removed from our  
midst, and that his family face will  
ever be absent from our community. But  
it is the will of Providence and we  
must submit to its dispensations.

Twenty Catholic clergymen just ordain  
for missionary work at St. Paul, Du  
buque, Omaha, Chicago, Kansas City and  
Duluth, sailed on July 1st for the United States on  
board the White Star line steamship  
Germanie.

Several hundred commonwealers en  
route west are stalled at Omaha, unable  
to secure transportation. The county has  
also refused food further to the returning  
army. The men are scattered through  
the city and are at a loss to know what to  
do for food.

Port Arthur, Aug. 30.—Hon. Wilfrid  
Laurier and party arrived at 12:10 to-day.  
They were met at the station by members  
of the Liberal Association, and citizens  
generally and escorted through the prin  
cipal streets of the town. Reaching the  
Algoma hotel at 1 o'clock, an address  
was read by the president of the liberal  
Association. Mr. Laurier replied very  
briefly, stating that he preferred to go into  
the political side of the question at to  
night's meeting at Fort William. At 1:30  
the entire party left for Fort William, by  
the Lake, escorted by the tugs Mary Ann  
and Georgiana and steamer Kakebeca  
and yacht Zephyr, when an address will  
be presented by President Graham, of the  
reform Association. Mr. Laurier is accom  
panied by Messrs. Fraser, Chequett,  
Sutherland, Mulock and Gibson, M.P.'s,  
and Mr. Fisher, ex-M.P. of Brune, Madame  
Lauret and Mrs. Gibson arrive by  
yacht to-morrow and join in the party  
here. Port Arthur, as usual, did honor  
to Mr. Laurier irrespective of politics, and  
the town was duly crowded and political  
strife forgotten for the day.

The admiralty office has received a  
telegram from Bonny, West Africa, stat  
ing that a boat belonging to H.M.S. Aeole  
containing a scouting party had been fired  
upon by natives, who attacked the boat  
from the banks of the Bonny river. One  
of the scouting party was killed and two  
seriously injured.

Johnsonville will be the place selected  
for the biennial encampment of the  
Knights of Pythias in 1896. This has  
been practically decided upon through the  
withdrawal of the other contestants for  
the honor, Boston and Minneapolis.

The big passenger steamship Northwest  
owned by the Northern Steamship com  
pany, went ashore on Bar Point, Lake  
Erie, off the mouth of the Detroit river.  
The accident was due to fog. She had  
over three hundred passengers on board.

A cargo of latex from Canada arrived  
at the port of Georgetown, D.C.—the  
first cargo of the kind to arrive in the  
United States, as far as the new treasury  
is advised—since the new tariff went into  
effect. Latex is placed upon the free  
list under the new tariff, provided the  
country whence exported does not exact  
an export duty on them. This, it is said,  
Canada, does, so Collector Manogue, at  
Georgetown, after consulting with the  
treasury officials, imposed the rate of the  
McKinley law, fifteen cents per 1,000  
pieces.

After a fourteen days' session the Na  
tional Labor commission adjourned at 3  
o'clock this afternoon, to reassemble in  
Washington on Wednesday, Sept. 26, when  
it will, according to Chairman Wright's  
formal announcement, receive any com  
munications bearing on the settlement of  
the difficulties that come between labor  
and capital and hear any witnesses who  
may desire to testify.

It has been decided to deepen the Lach  
ine canal to the uniform depth of fifteen  
feet. Tenders have been called for and the  
specifications published. The esti  
mated cost is \$20,000, and the work is  
expected to be finished in the fall of 1896.

In Montreal, Norman Murray, for di  
recting a St. Jean Baptiste procession,  
and who was sent to jail, was released this  
morning, having paid his fine.

Anxiety is felt in Chatham for the  
safety of D. M. Christie, barrister, and  
Geo. F. Rispin, and Arthur Northwood,  
modern language master of the Ottawa  
collegiate institute, who left about three  
weeks ago on a canoe trip on Georgian  
Bay. Nothing has been heard of them  
since the 20th inst., Mr. Christie and Mr.  
Rispin are two of the most prominent  
residents of Chatham.

The Quebec government intends to com  
mence an active crusade against gambling  
in Montreal, which has lately been on  
the increase and has become a public nuisance.  
Instructions have been issued provincial  
police to take prompt action against gam  
blers.

A threshing explosion in Ashland this  
morning killed four people. There are  
no particulars yet.

Jas. Allan, of Smiths Falls was drown  
ed by the upsetting of his canoe in Rideau  
Lake.

Business local 15 cents a line.

No advertisement inserted for less than \$1.

The publisher reserves the right to refuse to publish advertisements of a questionable or objectionable character.

A liberal commission will be allowed to parties who are willing to act as agents for us. Write for terms.

All communications, letters, notices, etc., to be sent to

J. D. MAVEETY, Proprietor.

PRINCE ALBERT, SEPT. 4, 1894.

Time after time in this our earthly pilgrimage are we reminded that this fleeting world is not our resting place. Amid all the bustle and activity of this life we too often forget that "our days on earth are but as a span long." We only in a measure realize this important truth when "friend after friend departs" and leaves to mourn over the blank caused by their disappearance. It is with feelings of extreme sorrow that we have at this time to record the death of one of the most prominent citizens of Prince Albert, a man well known and respected by all, our present Mayor of the Town, John Stewart Esq., who died on Friday last. We cannot find words to express the general regret manifested when the news of his sudden demise was known in the town. The sorrow exhibited on this sad event was universal. But what can we say? We must bow in submission to the will of Him whose we are. It was the will of Divine Providence that our fellow-citizens should be called away from this passing scene and enter into the rest prepared by our Heavenly Father. While the loss to us is without doubt very severe it is a comfort to know that the gain is His. His warfare is accomplished, his toils are over and he has calmly entered into that happy state where perfect peace and felicity reigns triumphant. We feel the loss of his presence very keenly, but that cannot restore him to us; we shall go to him, but he cannot return to us. And when time comes that we, too, must leave this passing scene, may we be found ready in every sense of the word to leave this passing world without a pang of regret.

Notice with satisfaction that the Bill respecting the closing of shops introduced by Mr. Betts, in the Legislative Assembly of the Northwest Territories, has passed its third reading and has received the assent of the Lieutenant-Governor and consequently is now become law. This, we believe, is satisfactory to all concerned. It will, we surmise, be a beneficial Ordinance, as it will ensure some regularity in the closing business places. It empowers any council to enact by laws regulating the hours of closing places of business when required to do so by the majority of business men, and also gives the power to punish such persons as will not shut up their shop in accordance with the will of the majority. The following is the estimated Receipts and estimated Sum required for the services of the Northwest Territories for the twelve months ending 31st August, 1895.

Balance of Federal vote for	\$190,095.68.
Estimated Receipts	
from local resources.....	30,000.00
Estimate the proportion	
for 1895 6 months	
of July and August	
1895 .....	37,500.00
Estimated Balance on	
31st August 1894.....	14,061.82
Total	\$271,657.50

The harvest is now about completed around these parts so far as grain crops are concerned, and we are thankful that we are enabled to state that the returns are all that could be desired. From all that we can learn the wheat crop is fully up to the average, while barley and oats are also plentiful. There is also every reason to believe that the potato crop will be an abundant one. For the ingathering of the crops the weather has been delightful with a total absence of frost. Under these circumstances we ought feel grateful to Providence for the blessings which have been so bountifully showered down upon us. Taking everything into consideration, we feel confident that this part of the country can hold its own with any other part, either in Manitoba or the Northwest as an agricultural country, and the attention of suitable emigrants should be directed to that fact.

When one comes to reflect upon it, he cannot help feeling astonished at

the rapidity with which the British Empire is expanding and taking under itsegis the uttermost parts of the earth. There is scarcely a mail that comes around but that we learn that in some distant corner a portion of this earth is drawn under the fold of the Union Jack. The latest achievement is in Africa, where by a stroke of diplomacy in the centre and by conquest in the south Great Britain has now the unbroken line of territory, in Africa, from Cape Colony, in the south, to Egypt in the north; comprising two-thirds of the whole continent of Africa. There is now under the control of Great Britain 1,400,000 square miles of the best parts of Africa with a population of 30,000,000. The conquests lately achieved in South Africa add the greattable lands of the interior of subtropical Africa to the British Crown. The fact is, Great Britain holds the key to every place of importance in Africa. Those who hold the belief that the British people are the descendants of God's ancient people, have here a strong argument in favour of their theory. For who but the seed of Jacob was to bid, and blessem, and fill the whole earth with fruit?

The Irish members of the British House of Commons are getting tired of waiting for home rule and are trying the effect on the Government of a vigorous little kick. Sir William Harcourt does not seem to have been much moved by this stirring up. The Irishmen are disappointed because there has been no outbreak of public feeling in England against the Lords on account of the rejection of the Evicted Tenant's Bill. It is evident that the English people are getting tired of the everlasting Irish question, and the Irish Nationalists on their side are losing patience. Irish feeling is probably accurately represented by the Nationalist member who said: "It is evident that this Parliament cannot legislate for Ireland and ought to be dissolved to make way for one that can." That is a good enough programme so far as it goes. It would be easy to get another Parliament, and it is very likely that the new Parliament would legislate for Ireland; but whether that legislation would be of the sort the Nationalists want is quite another matter. A general election now would be likely to result in a Union's majority and another dose of coercion. The Irishmen know this well enough, and Sir William Harcourt knows that they know it, and that is why he pays so little attention to their exceeding bitterness.

The progress of irrigation in the arid regions of the American west is such that 3,631,351 acres, with 54,137 irrigators, are under cultivation, and the approaching irrigation congress to be held at Denver will undoubtedly do much to determine the future development of this immense region. The first cost of the irrigation system already introduced is put at \$29,611,000 and its estimated value at \$93,412,000 and the increase of value of the irrigated areas has been from \$77,190,000 to \$296,850,000. Irrigation is to be undertaken in the Canadian Northwest, both by private individuals and by the Canadian Pacific railway company, and judging by experience in the United States the venture will be repaid.

The American capitalist, having laid his unwholesome hands on Niagara, is now turning his attention to Popocatepetl. A cataract or a volcano, it is all the same to him. A Philadelphia syndicate has got an option of \$300,000 on Popocatepetl. The name alone is worth the money, but the syndicate intends to build a railroad boring tourists to the crater, take sulphur from it and transport ice from above the line of everlasting snow to the cities of the United States. When a volcano has been reduced to a storehouse for ice and sulphur its name should not be Popocatepetl but Ichabod.

After all the worrying over the U.S. Tariff bill, now it is passed it is found to be full of errors. There are semicolons and apostrophes out of place which will cost the country thousands of dollars in loss of revenue. Some commas went wrong in the Canadian Tariff bill, but Mr. Foster hunted them up and had them put right before they became law. This is another of the things that are done better in Canada than on the other side of the line.

Mr. Laurier's visit to the West will be something more than a picnic. The Manitoba Catholics are going to wait on him to ask his opinion on the separate school question. A non-committal statement such as Mr. Laurier has hitherto contented himself with will hardly satisfy them. When he gets to this part of the business Mr. Laurier may be sorry that he cannot put up Mr. Tarte to speak for him.

The Yorkshire woollen manufacturers are going to make a big effort to recapture the American market. They were hard hit by the McKinley bill, and all the time of this trifling trouble they have been watching with bated breath to see if the Wilson schedule will go through.

Owing to the drought the farmers of Kansas are leaving the state in large numbers, and many districts once prosperous are now all but deserted. If this had happened in the Canadian West the Liberals would have put it all down to the policy of the Dominion Government.

Mr. Geo. W. COOK  
of St. Johnsbury, Vt.Like a Waterfall  
Great smothering

After the Grip.

Tremendous Roasting in the Head

— Extract from The Standard.

"Geo. C. Gould of Lowell, Mass., has just come from a severe attack of the grippe, which left him in a feverish condition and rendered him unconscious. Last evening he lost his breath and was unable to speak. At 12 m. he was still unconscious, but at 1 p.m. he awoke, and said, 'I am now well again.' He is now walking about the room and eating, and the doctor says he is well."

Gripping Grippe.

A grippe which has been sweeping the country has been especially厉害 in New England. I intended to try to get the facts of the grippe as you have them, but as I have not been able to get them, I will give you what I have.

**F. C. BAKER**  
At the Old Stand.**TOWN AND DISTRICT**

Silks of all kinds at Geo. W. Baker's. For Beaufort and Confectionary call on F. W. Shear.

Ladies, to be in the fashion you must have one of T. O. Davis' new fall hats.

A fine line of Brier and Meerschaum Pipes, G. B. D. Brans at 25 cents at Geo. W. Baker's.

Accidents will happen; and you always want to be prepared for one. Call on A. H. Woodman and he will quote you rates in the London Guarantee and Accident Company, Ltd., London, England.

Hurt Disease relieved in thirty minutes. All cases of organic or sympathetic Hurt disease relieved in 30 minutes and quickly cured, by Dr. Agnew's Cure for Heart. One dose convinces. Sold by J. G. White & Co.

John Davis has been appointed acting Sheriff.

R. Mack has sold out his water business. It now runs by J. W. Melton.

J. G. Orr returned last week from Shell Island where he was visiting friends.

Indian Agent and Mrs. McKenzie, of Duck Lake were in town last week.

Large quantities of ripe tomatoes have been brought in town during the past week.

Messrs. A. Stevens, M. McKay and - Bush, are off on a duck hunt north of the river.

T. O. Davis' stock of Ladies' Fall Hats, Caps &c. are more complete now than ever before.

Mr. and Mrs. Young, who have been retreating in the country, returned home on Thursday last.

Dr. Gaunder de Bussé, of Boucher, was taken last week. The Doctor has taken a heavy load.

Rev. John Settee, who has been transferred to the Pas mission, left for that point Thursday last.

D. McLeod and Mrs. D. J. Campbell returned yesterday from Stony Creek, where they had been sojourning for a week.

On Saturday last Capt. Allen's horse dislodged himself of his bridle and went west home without the rig, which he left at the Convent corner.

A call at T. O. Davis just now gives me an idea of the latest fashions in all kinds of Ladies' wear.

J. Biggar has disposed of the band of horses he brought in here a short time ago. Mr. Biggar will probably repeat his venture shortly.

One of R. Biggar's horses, which was tied in a stall at McGregor & Co.'s stables stood back on its halter so hard that it broke its neck, and died on the spot.

Our townsmen, Mr. Stull, is the possessor of a fine young stallion, Imperial Grey, that promises to be very speedy. At present he has made some excellent time.

The open season for prairie chicken shooting commenced Saturday last. Quite a number of our local sportsmen were out, and some fine bags were brought in.

While breaking one of the horses recently brought in by him, Mr. Montgomery got his hand entangled between a rope attached to the animal and a post, the result being a broken finger.

Inspector Strickland and a number of Police returned on Saturday from Stony Creek, where they had been fighting fire. The Inspector says they succeeded in extinguishing the fire subsided. He reports heavy losses to some of the settlers.

T. O. Davis' stock of millinery is by far the largest in town. You might as well buy in a store where there is some variety to choose from.

R. T. Chisholm, barrister, of Regina, who has been here for the last couple of weeks, left for the capital Thursday morning. Before leaving he informed us that it would return in time for the Fall Assizes, when he would take up his permanent residence here.

One of McGregor & Co.'s horses ran away last week. Mr. R. T. Chisholm, barrister, and his sister were taking a drive down town. They stopped to call on a friend, when by some means the horse, which is a very high spirited one, broke away. The only damage done was a broken wheel to the buggy.

Constable Robertson has been laid up for a few days with a severe cold, so that he has been unable to attend to his duties as town officer. His place has been temporarily supplied by Scotty Westwood, who fills the bill with a "move on" look about him that must have been acquired by previous experience.

Wightman's guide for September is out and is particularly welcome as furnishing detailed information of the new C. P. R. time cards and changes in mail service, new Post Office, &c. The railings of Atlantic, and Lake boats are given and the usual business tables comprise numerous changes of more or less importance.

**Smoke Derby Plug Smoking Tobacco, made only by D. Ritchie & Co.** the only organized "Union" Plug Tobacco Factory in Canada.

F. W. Shear delivers goods bought of him.

Beware of imitations take none but Pure Gold Lemon or Vanilla.

When in want of good Stationery or Books at low prices call at Geo. W. Baker's.

The H. R. Co.'s flour mill will commence running this week.

Moore & Macdowell's sawmill commenced running on Monday morning.

Conductor Hubbard, who had been enjoying a short holiday, returned to duty Monday morning last.

T. O. Davis, J. P., score in A. Westwood as acting constable for the town during the illness of the regular cop.

Yesterday being a holiday the Town Council did not hold its regular monthly meeting. It takes place Thursday night.

Mrs. (Rev.) Clarke and children, of Battisford, who have been visiting friends, left for home last Monday morning.

M. Montgomery held a very successful auction sale of household furniture at the residence of Mr. W. J. Kernaghan last week.

Contractor Congdon and his men are busy bricking in the boiler and engine house for the new grist mill. A first class is being made.

Dr. P. F. Size, dentist, is in town and staying at the Queen's. Parties requiring his services should call at once. Consultations and examinations free.

We are pleased to know that the members of Mr. T. O. Davis' family who have been suffering from a severe attack of bronchitis, are now in a fair way of recovery.

Mr. and Mrs. Hotson, of Innerkip, Out who have been visiting their daughter, Mrs. Mack, left for home last Thursday morning. They enjoyed their visit to our town very much.

Angus McDonald of Willoughby, was in town purchasing supplies yesterday. Mr. McDonald says harvesting is all through in his locality, and that threshing will be going on in a few days.

Archdeacon Winter, who has recently been placed in charge of the mission at Sandy Lake, spent a few days in town this week purchasing supplies. He leaves for his new charge this week.

Dr. Stewart of Duck Lake, came into town Thursday evening last; having been called in for consultation in the case of Mr. T. O. Davis' child. The Doctor left for home again Saturday.

Yesterday was the day appointed by Dominion statute as Labor Day, and I was generally observed here as a holiday, all through in his locality, and that threshing were flying from all parts of the town.

It's a hard matter for a lady to suit herself in a hat from amongst only five or six; you had better call at T. O. Davis' and spend an hour or more looking at all kinds of new and fashionable head wear.

The safe of the local bank got out of kilter last week and could not be opened by the regular methods. On Saturday, Messrs. Woolman and McGee, with the aid of a drill, made an attempt to open it.

The car containing the exhibit of agricultural products of this district pulled out Monday morning last. The exhibit, which is a fine one, will be taken to the principal fall fairs now about commencing throughout Ontario.

A change of time has been made in the running of our local train, commencing Monday morning last. Trains now leave Regina at 8:05 a. m., arriving at Prince Albert at 9:35 a. m. Leaving Prince Albert at 4:45 a. m., they arrive at Regina at 8:00 p. m.

Arrivals at the Queen's—J. Morrison and wife, Ottawa; R. S. McKenzie and wife, and Dr. Stewart, Duck Lake; A. Templeton, A. G. Yule, Winnipeg; Geo. H. Ham, Montreal; P. J. Flanagan, Brandon; Archdeacon Winter and family, Sandy Lake.

Mr. Thomas Shannon, of Carrot River district, spent a couple of days in town last week. Mr. Shannon has been three years in the country now, and expresses himself as much pleased with it. He purposes paying a visit to his old home in Ontario this fall.

**RHEUMATISM CURED IN A DAY.**—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by J. G. White & Co.

Pure Gold Turkish Coffee is the best coffee in the world.

Our old friend Geo. H. Ham, formerly of Winnipeg, and now of Montreal, paid this town a visit last week. This is Mr. Ham's first visit since '85, when he represented the Winnipeg Free Press as correspondent for that journal during the troubles of that time. Mr. Ham expressed himself as pleased and surprised with the progress the town has made since then. He is now in the service of the C. P. R. as advertising agent, and informed us that the Prince Albert district would receive considerably more than a passing notice in the columns of their pamphlet this year.

Two ladies from Toronto belonging to the Foreign Mission Society of the Presbyterian Church, who have been visiting the various Indian missions in the North West, are expected in town by to-night's train. They will be accompanied by the Rev. Prof. Baird, of Winnipeg. They will visit the various Indian missions here in connection with the Presbyterian Church. It is expected that the Rev. Dr. Baird will preach in the Presbyterian Church on Sunday morning, and in the evening an address will be delivered by Mr. Harley, President of the Society.

McGregor & Co.'s horses ran away last week. Mr. R. T. Chisholm, barrister, and his sister were taking a drive down town. They stopped to call on a friend, when by some means the horse, which is a very high spirited one, broke away. The only damage done was a broken wheel to the buggy.

Constable Robertson has been laid up for a few days with a severe cold, so that he has been unable to attend to his duties as town officer. His place has been temporarily supplied by Scotty Westwood, who fills the bill with a "move on" look about him that must have been acquired by previous experience.

Wightman's guide for September is out and is particularly welcome as furnishing detailed information of the new C. P. R. time cards and changes in mail service, new Post Office, &c. The railings of Atlantic, and Lake boats are given and the usual business tables comprise numerous changes of more or less importance.

**Smoke Derby Plug Smoking Tobacco.** Take no other. "Union" make.

Joe McDonald had a narrow escape from being seriously hurt Saturday last. A spirited horse he was driving made an attempt to get away, and although the rig was fastened on top of him Joe quickly held on to the reins till assistance arrived and the animal unlatched from the buggy. The shafts of the buggy were broken, Joe's pants holly torn and he himself covered with dust were happily the only results of the mishap.

Appreciating the very liberal patronage bestowed upon him by the ladies of the town and district, Mr. T. O. Davis has, this fall, put forth an extra effort to make this department of his business complete in every particular. He now invites his lady patrons to call and inspect his fall stock of millinery, mangles, dress goods, gowns, hose, bonnets, &c. &c.; in fact any article of dress that a lady requires. Mr. Davis is very proud of his ladies' department, and thinks it can be beaten in the North West Territories.

A gang of who had been employed by Moore & Macdowell in bringing down to the mouth of Shell River some 15,000 logs arrived here Friday evening last. The logs were feeling exceedingly happy over their return to town, and spent a couple of merry days together before settling down to work again. Some of them will be employed in putting up hay and cutting roads in readiness for next winter's work. Some \$5,000 in wages was paid out by the firm since the return of the logs, which has been pretty well divided between the business men of the town.

Angus McDonald of Willoughby, was in town purchasing supplies yesterday. Mr. McDonald says harvesting is all through in his locality, and that threshing will be going on in a few days.

The Yankees have made a cut of over three hours on the westward record, which is now well under 5½ days.

The Yankee boats are not in it either off the coast or on the Atlantic.

Belleville, January 4th, 1895.

Messrs. Dick & Co., Montreal.

"Dicks Blood Purifier" is the best of all the condition powders I ever used. It makes a horse thrive and feel well, improves his coat and keeps him in the stable? I give half of the first box to a gentleman who had a fine trotting stallion that had swollen in the legs, and had scratches from being out of condition, and in a few days his legs were perfectly clean, and the cracks healed rapidly.

JOHN JOHNSON.

JAMES S. TURNER, living about ten miles from town, met with an accident last week which might have proved fatal. His horse started when he was riding some machinery of his binder. To save himself from being pulled under he gripped the binder and put his hand in the "shave" wheel, which completely broke the machine and kept the horses from moving till Mr. H. H. Hardwick, who was near by came to his assistance.

TWENTY YEARS OF SUCCESS.

The Sentinel of Toronto has entered on its twentieth year of publication and is the oldest and largest purely Protestant paper published on this continent, being the official organ of the Loyal Orange Association of British America. During the past two years many important improvements have been made in the paper, which renders it invaluable to all who are interested in the cause of civil and religious liberty. The Sentinel is absolutely free from all political partizanship and unflinchingly opposes both parties in their dealings with Rome. The price is only \$1 per year sent weekly to any part of Canada or the United States.

Fall  
Fairs.

If you would secure *first prize* you must have your animals in the finest condition, that must be smooth and glossy and must stand well.

DR. DICK'S BLOOD PURIFIER is the best condition powder, and when well applied to the whole system, regulates the bowels and kidneys, strengthens the digestion, gives a clear complexion, gives energy. It gives horses a "good look" making them appear to be the best possible.

Get DR. DICK'S from your druggist or grocer or dr.

DICK & CO., P.O. BOX 492, MONTREAL.

Derby Plug Smoking Tobacco is the Best Value.

## Ever Onward A. S. STEWART.

## A CIRCUS ON THE BILL-BOARDS

and a circus on circus day are two kinds of a thing. The greatest circus is usually on the Bill-boards, and the circus on Circus Day is consequently a disappointment. There is, of course, the occasional exception which proves the rule. McCormick Binders and Mowers are an exception. Their promise on the "Bill-boards" is always fulfilled on "Circus Day." For years the makers of McCormick Grain and Grass Harvesters have been telling the World that they could and would at any time demonstrate the superiority of their machines in the actual competitive field test. The "Bill-boards" of other manufacturers have glancingly proclaimed that their machines are the best. But "Circus Day" came at length. The World's Fair urged all these manufacturers to take their machines into the field that the results might be compared. The McCormick was there; its show went on. It's promises to the World were carried out. But how about the other "great and only"? They stayed at home consoling themselves with the reflection that "the people like to be humbugged," and their artists got up new pictures for the "Bill-boards." Before deciding about going into these field trials, the competitors of the McCormick went and examined the crops to be cut, and realizing the severity of the conditions, they said to themselves: "We don't propose to come here and compete with the McCormick!"—"a live coward is better than a dead hero!"—"a sucker is born every minute, and we'll catch some of 'em anyway." That policy may answer for the "Bill-board" sort of circus; it will not do for the McCormick. Promises must not be broken. If McCormick machines are not better than all others, they must not be so advertised. If they are so advertised, every Binder, every Reaper and every Mower must be ready at a moment's notice to go out into the field and show 'em. That's business. Write to the McCormick Harvesting Machine Co., Chicago; or, better yet, call at once on your nearest McCormick agent.

## A. S. STEWART, AGENT.

## SCHOOL DISTRICT NO. 238.

Known as the Deer Park School District

### List of Lands to be sold for Taxes.

Lot or Parcel	Section	Township	Range	Arrears of Taxes	Costs	Total	Acres
E 1	17	46	27	\$22.68	\$10.10	\$32.18	320
NE 1	19	46	27	11.04	9.00	20.04	169
S 1	5	46	27	22.68	10.15	32.18	320
SE 1	9	46	27	11.04	9.00	20.04	169

I, Angus McDonald, secretary of said School District, do hereby certify that the above list of lands to be sold for taxes is correct.

Dated this 3rd day of September, 1894.

ANGUS McDONALD, Secretary.

Notice is given that the above lands will be sold on the 20th day of October, 1894 at the Deer Park School House in said District, sale to commence at two o'clock p.m., in accordance with the terms and provisions of the School Ordinance of the North West Territories providing for the sale of lands for arrears of School Taxes.

Dated this 3rd day of September, A.D. 1894, at said School District.

ANGUS McDONALD, Treasurer of said School District.

Willoughby P. O.

Kingsley, 1894.

## FOURTH PAPER.

Another source of discontent was that my nearest neighbour had an ugly custom of sleeping with his arm stretched out at right angles from his body, and when in a state of somnolence was used to throw his fit about in all directions, something like the evolutions of the sails of a windmill, perfectly regardless of whom or what he struck. Once when I had got nicely tucked in and had dozed off in a state of peace with myself and all the world would I get rudely awakened by a sound whack between the shoulders from the fist of Magnus Cromarty, already mentioned; the next was a young man also from south Ronaldsay, named John Thompson, a very good quiet young man, but in my opinion much too soft to encounter the hardships of the company's service. Poor fellow he died a few years after he came into the country. The rest of our company was chiefly from the Mainland of Orkney, who were, upon the whole, a nice set of lasses. On the comic side, however, there was in the first place a little snipe, the tailor, a diminutive individual about five feet in height who had thrown aside his husband, his needles and thimble, and last but not least his wife whom he had married about a month previous to his departure, in order to be once an adventurer in Hudson's Bay Territories. He was a trim little fellow, full of comic song and witty sayings, an frolic behaviour, so much that he was a universal favorite with the company.

(To be continued.)

## THEY WANT NAMES.

Frank S. Taggart & Co., 89 King Street West, Toronto, Ontario, desire the names and addresses of a few people in every town who are interested in works of art, and to secure them they offer to send over "Cupid Guides the Boat," a superbly executed water color picture, size 10 x 13 inches, suitable for framing, and sixteen other pictures about same size, in colors, or anyone sending them at once the names and addresses of ten persons (advertisers of fine pictures) together with five cent stamps to cover expense of mailing, etc. The regular price of these pictures is \$1.00, but they can all be secured free by any person forwarding the names and stamp promptly.

**NOTE.**—The editor of this paper has recently received copies of above picture and considers them really "Gems of Art."

The Prince of Wales, the ship in which we embarked, was what is called a full rigged ship of about 750 tons register. She was commanded by Captain Herd, a veteran in the service of the Hudson's Bay Company, who had navigated through Hudson's Straits for many years. His other officers were Mr. Reid, first officer; Mr. Hackland, second officer, and Mr. Bishop, boatswain. Mr. Reid and Mr. Hackland were both Orkneymen. I do not know what became of Mr. Reid, but Mr. Hackland got command of an East-India ship which went down with all hands in a storm off the Cape of Good Hope in 1855.

The Prince of Wales was, in the way of discipline, conducted strictly in man-of-war style. All routine orders were given by the boatswain's whistle, and everything done systematically. Magnus Cromarty and myself, being bred to the sea, were taken in along with the sailors; we had to stand watch and ward with them and go about when required. This gave us many advantages not shared in by the others who had engaged in the Company's service. For instance, we were allowed as much fresh water as we required while the others were restricted to one quart per day. There were several other points in which we enjoyed which the others did not, the best of which was, in our estimation, at that time, that our grog was not watered to the extent which that of the other were.

We lay in Stromness ten days after we were put on board, and during that time boats were continually passing between the ship and the shore, but one on board none of us were permitted to go shore again. To some of our party whose relations lived in the vicinity of Stromness this was something of a hardship, but to myself I did not care much, for were I permitted to land I would only be among people that were utter strangers to me.

On the afternoon of the 1st of July 1851, the Blue Peter was hoisted at the masthead of the Prince Rupert, which was the signal for sailing. A fresh breeze had sprung up from the south-east, an every preparation was made for starting. Mr. Clouston, the agent, came on board and called the roll of those engaged to go out in the service of the Company, in order to make sure that none of us had escaped, then shook hands with us all and went on shore. The pilot then came on board, the anchors were weighed and the sails spread to catch the favorable breeze. A salute of five guns were fired from each ship as a parting farewell to Stromness, and in the twilight of the evening the ships sailed gallantly through Hoy Sound, which being accomplished the pilot took leave of us and we entered upon the broad Atlantic.

After the bustle of getting under way was over I stood upon the deck and watched the receding shores of Orkney, wondering in my mind if ever I should be permitted to see them again. I could not help heaving a sigh when each anchor took view in the darkness of the night; for I had left behind all that was dear to me on earth. I had left behind me the land of my birth and childhood and the graves of my kindred. About midnight I turned in and rested as comfortably as could be expected under the circumstances which I have already mentioned, until aroused by the shrill whistle of the boatswain pipes all hands to wash the decks. This is a duty which must be performed on every well regulated ship in favorable weather. The decks are washed and holy stoned every morning in order to make them white and clean. This reminds me of the distich which is generally called the sailors rendering of the fourth commandment of the Decalogue:

"Six days shalt thou work and all that on the seventh holy sabbath the deck and scrape the cable."

On getting up I saw that it was a beautiful morning, the sun was shining brightly, and the ships were dancing merrily over the waves with a spanking fair breeze; we were just passing the "Baron Ronia," a lonely rock lying out in the Atlantic Ocean some leagues northwest of Cape Wrath. To the eye of a sailor the scene was delightful, but, alas, to the majority of my fellow passengers the outlook was gloomy enough. Instead of gazing at the beauties of the ocean they were leaning over the bulwarks in all the agony of sea-sickness and relieving themselves of everything that would turn up. This state of things, however, did not last long; a few days set all that right, with the exception of one poor fellow from Shetland who did not turn up on deck until we arrived in smooth water in the Hudson Straits. The crowd turned out to be fairly healthy who hardly could get enough to eat.

After a few days when order began to

Magnus Cromarty, already mentioned, the next was a young man also from south Ronaldsay, named John Thompson, a very good quiet young man, but in my opinion much too soft to encounter the hardships of the company's service. Poor fellow he died a few years after he came into the country. The rest of our company was chiefly from the Mainland of Orkney, who were, upon the whole, a nice set of lasses.

On the comic side, however, there was in the first place a little snipe, the tailor, a diminutive individual about five feet in height who had thrown aside his husband, his needles and thimble, and last but not least his wife whom he had married about a month previous to his departure, in order to be once an adventurer in Hudson's Bay Territories.

He was a trim little fellow, full of comic song and witty sayings, an frolic behaviour, so much that he was a universal favorite with the company.

**They Want Names.**

Frank S. Taggart & Co., 89 King Street West, Toronto, Ontario, desire the names and addresses of a few people in every town who are interested in works of art, and to secure them they offer to send over "Cupid Guides the Boat," a superbly executed water color picture, size 10 x 13 inches, suitable for framing, and sixteen other pictures about same size, in colors, or anyone sending them at once the names and addresses of ten persons (advertisers of fine pictures) together with five cent stamps to cover expense of mailing, etc. The regular price of these pictures is \$1.00, but they can all be secured free by any person forwarding the names and stamp promptly.

**NOTE.**—The editor of this paper has recently received copies of above picture and considers them really "Gems of Art."

The Manitoba Free Press in speaking of the Uxbridge Piano says: They are genuine works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright piano is thrown into the shade. The Uxbridge Piano has a continuous book which will be appreciated in the playing of duets, sitting down to the piano the performer touches a lever and the key board is uncovered, and the fingers of the lid turn out of sight, and the instrument presents the same attractive appearance when open as when shut. The Organs manufactured by the Uxbridge company have been in use for over twenty years, and require no special description as they are so well-known and liked in the homes of the thousands over the whole world; however, the company is manufacturing six Oct. Organs in Piano case, which is giving a wonderful sale. The Pianos made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal to, durable and lasting to the best American.

The steamship "Mowers" will leave Southampton about August 27th, 1891, on her second tour around the world, mention of which has already been made in these columns. This will give tourists the opportunity of visiting the continents, Europe, Asia, Africa, Australia and America, crossing the latter by the Canada Pacific Ry. The extremely low rate, \$10.00, named for this trip should induce large number of people to take advantage of it. For further particulars apply to C. P. R. Agent, or to Robert Kerr, general passenger agent.

**The Superiority.**

If Hood's Sarsaparilla is due to the tremendous amount of brain work and constant care used in its preparation. Try our bottle and you will be convinced of its superiority. It purifies the blood which is the source of health, cures dyspepsia, overcomes sick headaches and biliousness. It is just the medicine for you.

**Hood's Pills** are purely vegetable, carefully prepared from the best ingredients.

**RELIFF IN SIX HOURS.**—Distressing Kidney and Bladder diseases relieved in six hours by the "GREAT SOUTH AMERICAN SPINACH CURE."

This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. Sold by J. G. White & Co.

A few Baby Carriages at Baker's will be sold at cost to make room for new.

To Postmasters, Mail Contractors, Treasurers of School Districts, or anyone requiring to give bonds, call on A. H. Woodman, for rates, and save being under obligations to your friends.

The crowd turned out to be fairly healthy who hardly could get enough to eat.

After a few days when order began to

return, the sun shone brightly, and the ships were dancing merrily over the waves with a spanking fair breeze; we were just passing the "Baron Ronia," a lonely rock lying out in the Atlantic Ocean some leagues northwest of Cape Wrath. To the eye of a sailor the scene was delightful, but, alas, to the majority of my fellow passengers the outlook was gloomy enough. Instead of gazing at the beauties of the ocean they were leaning over the bulwarks in all the agony of sea-sickness and relieving themselves of everything that would turn up. This state of things, however, did not last long; a few days set all that right, with the exception of one poor fellow from Shetland who did not turn up on deck until we arrived in smooth water in the Hudson Straits. The crowd turned out to be fairly healthy who hardly could get enough to eat.
